

## Regent Review

# Reduce the Cost of Verification

Regent Review simplifies and shortens the verification process by fully automating the collection of verification documents, allowing institutions to increase efficiency by improving Title IV regulatory compliance and preventing fraud. And, it reduces processing times which abbreviates a frustrating and time-consuming step for students and parents.

### Reduce the Cost of Verification

Regent Review delivers all the capabilities and critical features colleges and universities need to simplify and shorten the verification process at a cost that is an estimated 35% less than other solutions on the market today. And it's quick to implement, so you can be up and running soon.

*Regent Review reduces the cost of verification by an estimated*

**35%**

### Simplify and Streamline Processing

With Regent Review, institutions can eliminate manual, time-consuming processes by fully automating the collection of verification documents, C-code processing, task assignments, and workflows. It also shortens the time it takes to collect and verify documents, making the verification process less onerous for financial aid staff.

### Eliminate Frustrations

By automating verification document collection and shortening the processing time, institutions can alleviate frustrations for students, parents, and guardians. And because the verification process is more straightforward, Regent Review frees up time for financial aid staff so they can spend more focused on addressing student needs.

“

*Our university wants to help people get access to higher education. Regent enables us to do this more effectively and efficiently.*

”

*Shanna Vaughn, Director of Financial Aid, UMass Global*

## Key Benefits of Regent Review

- Automate the collection of verification documents
